Queen's Green Canopy update
Village diary and events

Neighbourhood Plan Update

Progress on developing our plan continues, which will help us shape the future of Westerfield. Below are some of the aspirations which will guide how our plan will develop:

- Building and design criteria need to ensure future developments respect our rural character and maintain a buffer zone
- No development beyond the existing settlement boundary and any development to be infill only up to 3 units (no developments of more than 10 houses) prioritising bungalows and smaller houses
- Keep the countryside on our doorstep, with a network of footpaths, bridleways, hedgerows, mature trees and wildlife habitats, and access to green fields in and around our village
- Control speeding on all roads, and stop the use of Lower Road and Church Lane as a rat run
- Create walking routes away from main roads, and ensure proposed links through Henley Gate and to Tuddenham Road are delivered

In the meantime the Parish Council will be working on a number of the priorities residents have identified:

- Asking Network Rail to review the barrier timings and intensity of lighting at the crossing. We will also be asking for bike storage to be included at the station
- Pressing Suffolk Highways to undertake a safety audit of the junction, repaint roundels and white lines along the roads, and undertake a speed limit review
- Put some shelves in the bus shelter for a local book swap

Help us build our “Wednesday Market”

Choose Refills are here the first Wednesday of every month to join the Coffee Station. Bring your own container to buy household cleaning, body care products and dried foods and help reduce plastic waste.

Do you know any other traders who could come on a Wednesday morning? Contact us!

Platinum Jubilee Celebration

The Westerfield Events Group organised a fantastic Picnic in the Paddock on the 4th June

On a lovely summer's day a busy paddock enjoyed dancing to James's Field, children's entertainers, and drinks and ice cream from the Coffee Station

Queen's Green Canopy

As part of the Queen's Platinum Jubilee celebrations people were invited to “Plant a Tree for the Jubilee”

Westerfield played its part and our new tree is shown here being planted in the Paddock

Thank you to Peter Miller

Westerfield Parish Council would like to pay our sincere thanks to Peter Miller who has recently stepped down as chair after 15 years

Peter will continue as a councillor, support us as we develop our Neighbourhood Plan, and we hope he'll remain active in village life!

Parish Councillors

Clerk to the Council
